

Approval Letter to Have ICOSA as the Affiliated Society to IAACS

President

Zhang Hua (China)

Vice-President

Terry Carson (Canada)

Treasurer

Elizabeth Macedo (Brazil)

Secretary

Wayne Hugo (South Africa)

Dear Professor Mahmoud Mehrmohammadi, President of ICOSA,

I write to inform you that Iran Curriculum Studies Association (ICOSA) is approved as the affiliated society to International Association for the Advancement of Curriculum Studies (IAACS).

As always, IAACS has been paying close attention to and carefully studying the development of curriculum field in each country. We found that after ICOSA was established in 2000, the curriculum field in Iran has made some amazing achievements. The more than 400 members of ICOSA and the annual conference of 600 people are taking up one of the greatest curriculum conversations in today's world. Iranian curriculum wisdom is not limited to the field of Iran. It will greatly influence the field worldwide.

Every member of ICOSA is warmly welcome to attend IAACS's triennial conferences. As always, IAACS is open for the members of ICOSA to run for the elected offices of IAACS. Whenever you are able to do so, please send the name list of ICOSA and future applications for membership to IAACS's secretariat. And when IAACS meets the moment of term change, please send nominees for the offices of IAACS to the Nomination Committee (currently, Professor Bill Pinar is the chair of Nomination Committee). When the triennial conference will again come to Asia in 2018, if ICOSA has an interest, Iran may apply to host the next World Curriculum Studies Conference in Asia.

Our common cause—Internationalization of Curriculum Studies—will be greatly promoted with the participation of ICOSA. Thank you so much for all you have done for IAACS.

Warm regards,

**Zhang Hua,
President of IAACS**
